Hi, Christina. Attached are my thoughts on the Florida Keys Environmental Coalition inquiry. Let know if you need anything else.

Thanks Elizabeth, I will take a look. If all the information they requested is in the docket then I can work up a response around that. If there is anything they are requesting that is not in the docket, can you let me know? I will see how to tackle those.

Again, thank you so much!

Hi, Christina. Please find attached a file providing technical comments to help you in responding to the Megan Hull letter. Let me know if this works. Or if you have any questions concerning what I have done. Also I can review the letter you write if that would help.

I've turned to the letter from the Florida Keys Environmental Coalition, but that one looks mostly like demands for materials that are now in the docket. How do you want to handle that one?
